# New: An interest in REDD in Africa

lebensministerium.at

- >> REDD will be a **key element** of a post-2012 climate regime
- >> **Role of REDD and carbon markets not yet decided**, but interest is there and support for local communities is already possible
- >> We are now working **together with the Austrian Development Cooperation** on a **small pilot project in northern Ethiopia**
- >> **Work in progress** – will see where our experiences take us ...
